The UnitedHealthcare plan with Health Savings Account (HSA) high deductible health plan (HDHP) is designed to comply with IRS requirements so eligible enrollees may open a Health Savings Account through Optum Bank, Member FDIC. The "HSA" refers generally to the UnitedHealthcare HSA product, which includes a HDHP, although at times "HSA" may refer only and specifically to the UnitedHealthcare Health Savings Account, provided in conjunction with Optum Bank and not to the associated HDHP. The UnitedHealthcare plan with Health Reimbursement Account (HRA) combines the flexibility of a medical benefit plan with an employer-funded reimbursement account.

For a complete listing of coverage and exclusions, please refer to the Certificate of Coverage or talk to your UnitedHealthcare representative for additional details that could impact the benefits. Different UnitedHealthcare plans may have varying approaches to whether pharmacy costs are included or excluded from the medical deductible.
