COLUMBUS, OHIO – The below can be attributed to Ohio Chamber President and CEO Steve Stivers regarding the COVID vaccine mandate released by the Occupational Safety and Health Administration today.

“Today’s announcement from the Biden Administration is a significant infringement on the ability of Ohio employers to set their own workplace policies. Ohio businesses know best how to protect the health and safety of their employees, customers and patients and should not be subject to the heavy hand of government dictating a one-size-fits-all approach to COVID-19 vaccines and testing.”
