COLUMBUS, OHIO – The below can be attributed to Ohio Chamber President and CEO Steve Stivers regarding Governor Mike DeWine’s signing of Senate Bill 9.

“We are pleased to see the signing of Senate Bill 9 as it will bring about sweeping regulatory reform to Ohio’s business climate,” said Steve Stivers, President & CEO of the Ohio Chamber. “The 30 percent overall reduction of regulatory restrictions coupled with removing two existing regulations for every new one regulation will help to eliminate hurdles for Ohio businesses, as well as promote a more pro-business regulatory environment. We want to thank Senators McColley and Roegner, Senate President Huffman and Speaker Cupp for their leadership on this bill throughout the legislative process. Additionally, we want to thank former Senate President Larry Obhof for spearheading these efforts in the previous two General Assemblies, as well as Governor DeWine for signing this very important piece of legislation.”
