

Client education program for workers' compensation

Sedgwick offers a comprehensive, webinar-based education program to current clients, covering a variety of topics within the workers' compensation industry. These training webinars are free to member clients of Sedgwick.

Sedgwick's workers' compensation educational series is designed to familiarize yourself with Ohio's workers' compensation system and show you how to maximize your program.

Webinar topics include:

- Navigating Ohio workers' compensation
- Overview of the True-Up process
- How much is this going to cost me and what can I control?
- Best practices for an effective WC program
- Coordinating your approach to claims management

Sedgwick offers these educational programs once or twice monthly. The programs are designated for both private and public employers, private employers only or public employers only. Additionally, all sessions qualify for 1-hour of the 2-hour Ohio Bureau of Workers' Compensation safety training requirement for group and group retrospective-rated employers (unless otherwise noted).

Sedgwick will be offering OSHA/PERRP Recordkeeping webinars in December 2023 and January 2024. For questions or to register, please email sedgwickohrisservices@sedgwick.com
